People are talking...

"Wendy added a dynamic and skill in leading the dancing at our wedding that was inclusive and made everyone comfortable (even people I could never have imagined dancing!). The dance is still being talked about and will be for years." - Justine Veree Naiman, June 2011, Toronto, Canada

"Wendy did an absolutely splendid job calling at our wedding. People danced who I would have bet hundreds of dollars never would. Everyone had a grand time, thanks very much to her. She helped make our wedding exactly what...[we] dreamed of." The May Family Wedding, August 2006, Durango, Colorado
